Answer sheets are scanned by machine to compute the scores. Accuracy in scoring is dependent on the candidates marking their answer sheets properly. Therefore, accurate scoring is dependent on your strict adherence to the following instructions:

- Every question has four answer options. Mark the answer option number chosen by darkening the corresponding oval on the answer sheet using ball point pen (black/blue) only.
- Shade only one oval. If you shade more than one oval the answer will be treated as wrong.
- The correct method of shading the oval has been indicated in "Important Instructions" on Side-1 of the Answer Sheet and that must be strictly followed.
- Do not tear, bend or mutilate the Answer Sheet.
